Everything you need is included in the box. What's in the box? (1) 1/18 LaTrax Teton 4WD Monster Truck RTR (1) LaTrax 2.4GHz Radio (1) 370 Brushed Motor (1) Waterproof, All-Weather Electronic Speed Control (1) 6V 5-cell NiMH Battery (1) Wall Outlet Charger (4) AA Batteries for Transmitter (1) User Manual Teton™ packs major all-weather adventures in a powerful 4-wheel drive off-roader that is fast and versatile for radio-controlled fun anytime, anywhere. This tough rig checks in on the 1/18 scale, but its purposeful design tackles easily rugged back-road terrain. The steep approach angle allows the gripping tires to attack large rocks and high curbs with aggressive climbing action. Smooth, long-travel oil-filled shocks keep suspension movement at bay over rocky terrain, and smooth out landings as they come off of great jumps. Strength on the joint is ensured with proven shaft drive, metal ring and pinions in the differentials, and smooth, long bearing bearings. Roosting dirt and slinging gravel is just part of the fun as fully proportional electronic speed control and powerful engine deliver punchy acceleration and thrilling speed. 100% Fully Mounted and Ready-To-Explore™ The 1/18 LaTrax Teton is fully mounted with a 2.4GHz radio system, painted and descaled body, and simple instructions. A LaTrax 7.2V rechargeable NiMH battery pack, ac wall outlet charger and 4 Traxxa's Power Cell AA alkaline batteries are also included. Everything you need for fun is in the box. Waterproof, All-Weather Electronics for Total Driving Freedom Waterproof, All-Weather Electronics Means Your fun doesn't stop just because of some water. Teton Teton slow down for puddles, mud, ice, or snow! The waterproof servo and patent-pending weather-sealed receiver box allow you to continue, even in wet conditions that send other trucks back to the workbench. It's total driving freedom! Run Teton where you want, whenever you want—the only limit is your imagination. 4-Wheel Drive Off-Road Versatility Teton remains true to the mountain terrain it's named after with versatile 4-wheel drive off-road performance that takes you places you might not expect. The simple and efficient axle drive drives high tires for increased ground clearance and aggressive traction. True 4-wheel independent suspension keeps tires planted across all kinds of terrain from smooth sidewalks to gravel-bottom creek beds. Teton fits easily in a backpack. Whether hiking or driving, how far can Teton take you on your outdoor adventure? The high-capacity 7.2-volt NiMH battery pack with ID™ Teton includes an ID-equipped 7.2v NiMH battery and a convenient ac-wall outlet charger. This potent package features heavy-duty construction, 16-gauge wires and Traxxa's exclusive patented High-Current Connector for efficient power transmission, running after driving. Everything you need is in the box, including 4 AA alkaline batteries! Accessories Traxxas ID charger (sold separately) auto-detect LaTrax / Traxxas ID-equipped batteries and automatically set and optimize charging settings for unmatched charging safety and simplicity. Simplicity.
